RECORD OF DECISION

IN THE MATTER OF

LEROY IVEY
W-54869

TYPE OF HEARING: Initial Eligibility Hearing

DATE OF HEARING: April 18, 2006

DATE OF DECISION: July 18, 2006

PARTICIPATING BOARD MEMBERS: Daniel Dewey, Doris Dottridge, Candace Kochin, Thomas Merigan, Deborah McDonagh, Maureen Walsh.

DECISION OF THE BOARD: Reserve after completion of six months in pre-release.

Special Conditions: Approve home plan before release. Approve work or training plan before release. Supervise for drugs; testing required. Supervise for liquor abstinence; testing required. Report to assigned MA parole office on day of release. No contact with victim's family. Alcoholics Anonymous at least 3 times per week.

The governing offense involved three victims, one was murdered and two were wounded. Leroy Ivey was 18 years old at the time of the offense. It was confirmed that Mr. Ivey was one of the shooters. Prior to the murder, Mr. Ivey had become very rebellious. He quit school, started to abuse alcohol and drugs and began to associate with a gang of young people who were regularly involved in criminal activity. In the commission of this offense, Mr. Ivey seemed to be on a mission to prove to his friends that he would not easily be intimidated. Since his incarceration, Mr. Ivey has involved himself in a variety of programs to aid in his rehabilitation. In the past 15 years, he incurred only three disciplinary reports which reflects an overall positive adjustment while in the custody of the Department of Correction. We believe that subject has learned from his past negative behavior and is ready to become a productive member of society. He should benefit from six months in pre-release and the guidance and direction of parole supervision.
